

Congratulations on your wedding! You are on your way to a beautiful wedding hairstyle. I hope you will find my information helpful and easy to follow whether you try to do the hairstyle yourself or you bring it to your stylist.

No one wants a **bad hair day** on their wedding! Communication is the key to success. My suggestion for you is to find a stylist who has experience “dressing” hair. Let the receptionist know this is your wedding and that you wish to schedule a trial run. This can be done as soon as possible, but no later than six weeks before your wedding.

Helpful tips for a great Trial Run:

- ◆ Bring a camera with you so you can take pictures of your hair.
- ◆ Bring your headpiece so the stylist can work with it.
- ◆ If possible schedule your trial run on the same day you have a gown fitting.
- ◆ Try to bring a magazine picture of your dress or a photo with you to the salon; any and all information is helpful to the stylist.

To help keep wedding day jitters under control a good attitude is key. Don't expect everyone to be happy with their hair appointments. It was hard enough choosing of the bridesmaid dresses. The flower girl may be tired and cranky. Someone may forget their picture. Another wants their hair down and you would prefer it up. Don't let these minor issues get you down.

Have **everyone** pick out a style from **weddinghair.com** for a GOOD hair day!

Hopefully the salon you use will have a copy of my book **The Business of Bridal Beauty**, an indispensable tool for understanding the wedding business and its relation to the beauty industry.

beauty that counts.
God bless your new life.*

For natural waves at their best, wash and condition the hair in the morning. Put in a gel and allow the hair to air dry. When almost dry scrunch with hands and use a diffuser to push in more waves and curl.

A. Draw a section to the side allowing for fullness in the front as bride desires.

B. Draw up section 2 and the left side with softness as shown. Bobby pin at green X as shown.

C. Gather a section in the back (leaving some of the sides out but including the tails from the top sections) and put into a loose ponytail. Push the ponytail up creating fullness and bobby pin elastic to the head.

D. Gather a third section in the back (leaving some of the sides out but including the tails from the top two sections) and put into a loose ponytail. Push the ponytail up creating fullness and bobby pin elastic to the head.

E. Put a forth section in using an elastic for final ponytail. Ornament the sections as shown with clips, barrettes or hair picks from our store.
